Example of a TED Talk: Green School

Choose language of subtitles from those offered and also get the “interactive transcript” that drives the film; transcripts can be copied for exercises

The screenshot shows a Firefox browser window with the URL http://www.ted.com/talks/john_hardy_my_green_school_dream.html. The page features the TED logo and the tagline "Ideas worth spreading". Below the logo is a navigation menu with categories like Themes, Speakers, Talks, and Translations. The main content area displays the title "John Hardy: My green school dream" and a video player. The video player shows a man on stage with the TED logo in the background. Below the video player, there is an "Interactive Transcript" panel with a language dropdown set to "English" and a "Close Transcript" button. The transcript text reads: "I grew up in a very small village in Canada, and I'm an undiagnosed dyslexic. I had a really hard time in school. In fact, my mother told me eventually that I was the little kid in the village who cried all the way to school. I ran away. I left when I was 25 years old to go to Bali. And there I met my incredible wife, Cynthia, and together over 20 years, we built an amazing jewelry business. It was a fairy tale, and then we retired. Ideas for Using Podcasts (1)

LC is essential but time-consuming & challenging (logistics...)

- In class activities led by the teacher
 - ✓ Autonomy*
 - ✓ Soundtrack first -> video shown after work on script
 - ✓ Progressive, step by step with teacher and in PW
 - ✓ Assignment -> students listen out of class and in class they do PW with Qs & answers on a key

* Lab or MP3 players

iPod Language Lab

Table for Tutorials

Laptop / Server

Ideas for Using Podcasts (2)

- In class activities led by students
 - ✓ Presentations as summaries of different podcasts
 - > PW or in threes / Rotating (Letter charts)
 - ✓ Presentations using part of a podcast to show/play
 - > Quiz (Gap-filling, Qs, vocabulary)
- *Check prior to performance!

Ideas for Using Podcasts (3)

- Grammar/vocabulary drills
 - ✓ Out of class or in lab without scripts
 - ✓ In class PW with scripts to check assimilation
- Vocabulary
 - ✓ Lists on worksheets (tick off when recognized)
 - Definitions, antonyms, rhymes, translations
 - ✓ Class lists, blogs, portfolios, personal diaries
 - Imitation (TED Talks), parodies, voice-over (demo)

<itunes:summary>Marianne's "5-minute TOPs" are short recordings with English language exercises that will give you "Training through Oral Practice". The exercises are based on famous quotes or lyrics from well-known songs. Doing these 5-minute exercises either in class, at home or at work will quickly enable you to memorize these structures and make up your own sentences, i.e. express your own ideas. We welcome suggestions from our listeners for future podcasts. Links to videos containing the quotes and lyrics we use in the exercises can be found on our website www.qualitytime-esl.com.
